

Green Sustainable Products Co Ltd

Guarantee

All Envirotile Roof Tiles manufactured by Green Sustainable Products Company Limited and supplied within the United Kingdom carry a guarantee against material product defect or failure of the product to perform on a roof as an effective roofing product for a period of 25 years from the date of delivery.

It is a condition of this guarantee that all installation work is undertaken strictly in compliance with both BS5534:2014 Code of Practice for Slating & Tiling and BS 8000-6:2013 Code of Practice for Workmanship on building sites for slating and tiling of roofs and cladding, in accordance with the recommended GSPCL installation procedure, published from time to time on the Company's website or product specification literature, and by an accredited member of CompetentRoofer or the National Federation of Roofing Contractors.

Green Sustainable Products Company Limited will accept no liability in the event of any deterioration in the appearance of the product over time in so far as the functionality is not effected.

For the full terms and conditions of this Guarantee please make reference to the General Terms and Conditions of Supply.
